

Let's revamp our list!

```
List {  
  ForEach(favorites) { favorite in  
    VStack {  
      Image(favorite.image)  
        .resizable()  
        .scaledToFit()  
        .frame(width: 300, height: 100)  
      Text(favorite.name)  
    }  
  }  
}
```

Journalling Prompt

**How do you feel about what you just learned?
What put you at ease, and what is not?**
