To this!

```swift
List {
    ForEach(favorites) { favorite in
        VStack {
            Image(favorite.image)
                .resizable()
                .scaledToFit()
                .frame(width: 300, height: 100)
            Text(favorite.name)
        }
    }
}
```

How?
